Zip codes cited as necessary

Postmaster O. S. McCoy reminded customers that for the best service this Christmas season they should use ZIP CODES, place their return address in the upper left corner of the envelope and use proper postage.

"By following these suggestions," Postmaster McCoy said, "You will be assured good mail service this holiday season."

It is important that families double check envelopes and cards to be certain that the address is complete with street name and number, rural route and box number, also city or county, state and zip code. Be sure that the proper postage is affixed. Envelopes without postage will be returned to senders, if possible, or delayed by postage-due procedures.

Pack and wrap all parcels securely. Include a slip of paper with the name and address of addressee, and also your return address inside the parcel. If the outside wrapper is torn or mutilated, there will be identification inside. The 15c rate is in effect for all greeting cards, sealed or unsealed. Please separate letters and cards into two bundles and mark them "LOCAL" and "OUT OF TOWN".

Rural customers are reminded to purchase their postage stamps in advance and affix them to all cards and letters. Rural carriers are not required to affix stamps to letters and greeting cards during the month of December.

"When the return address is placed on envelopes bearing holiday greetings, it also helps remind friends of one's current address," the postmaster said.

And, if the family to whom a holiday message is sent moved more than a year ago, it cannot be forwarded.

ROBERT EARL PANKEY, left, and Dr. Bernie Davis, right, appear to be running with much ease as they participate in the JFK 50-mile race. The race was held Nov. 22 in Maryland. Pankey is a renowned local running enthusiast.

In Maryland race

Pankey runs 50 miles

On November 22, Robert E. Pankey participated in the JFK 50 mile race which began at Boonsboro, Md.

Running with a friend and co-worker at Babcock and Wilcox, Dr. Bernie Davis, engineer, they finished 46th and 47th in the race which included over 400 participants and took Pankey and Davis eight hours and six minutes to complete.

"We were running together, not competing against each other," said Pankey, " and when we realized we were going to cross the finish line at the same time we held hands and crossed together. This way we tied for 46th and 47th place."

Pankey continued, "We ran together to give each other encouragement. When one or the other of us became tired or discouraged, the other offered encouragement. This way we kept each other going."

Pankey, born and reared in Appomattox County has been running for twelve years and Davis has been running for approximately six years.

The first sixteen miles were through Appalachian trail. The next twenty-six miles were along the Potomac Tow Path. The last eight miles were through the rolling hills of Maryland countryside.

The runners were met every five miles by 'Handlers' with necessary food and drink . . . refreshments that were really welcome! They were also checked at given points to be sure they did not 'hitch' a ride in any type of vehicle.

"The mountainous part of the course was treacherous," said Pankey, as he described the race; "part of it was like climbing the Peaks of Otter."

There was only an eighty foot incline in the 26 miles of the tow path.

Pankey, who was first in his division in the Joe Sweeney race held on October 11 and 12 as part of the Annual Historic Appomattox Railroad Festival, and second behind Richard "Monk" Ferguson as an Appomattox resident in the race, averages running 70 miles a week.

When asked just how he got into running, Pankey replied, "When I came out of the service I felt I was getting a bit flabby and out of shape and I began running a couple of miles two or three times a week and then approximately five or six years ago I became more interested in running."

Three weeks prior to the JFK 50 Mile Race, Pankey ran the Marine Corp Marathon in Washington D. C. The distance was 26.2 miles. He completed the course in three hours and one minute.

Pankey, a Photography Unit Supervisor at Babcock and Wilcox in Lynchburg, keeps a log of running, distances, times and other related facts.

In addition to running, Pankey lists among his hobbies, photography, baseball, basketball, and softball.

He played softball on the military team while in the service.

"Running is good for you," said Pankey, "good for the heart, the lungs, blood-pressure, and is especially good as a means of handling stress or problems.

When questioned as to his first thought when he crossed the finish after the 50 mile race, Pankey replied, "My first thought was 'I'll never do it again!'"

He will . . . and more.

Public hearing slated

Preparation of the Appomattox County Six Year Plan for Special Education and the application for Title VI-B funds will continue on December 16, when members of the Advisory Committee for Special Education meet in the School Board Annex at 7:00 p.m.

This meeting will also be considered a public hearing and is open to the public for persons to attend for the purpose of offering suggestions for consideration by the Advisory Committee. The Plan and application will be submitted to the School Board for action at the regular January meeting.

Interested persons, who are unable to attend, may call any of the committee members. They are Mr. Bruce Williams, Dr. Steve Spector, Mrs. Virginia Babcock, Mrs. Brenda Richardson, Mrs. William Walker, Mrs. Jesse Johnson, Jr., Mrs. Cecil Nash, Mrs. W. C. Davis, Mrs. Edmonia Langhorne, Mrs. Nancy Lisa, Mrs. Lola Jackson, Mr. Herbert Chambers, Mr. Roland Murphy, Dr. A. A. Pratrick, Mrs. Pat Torrence. Mrs. Sarah Summers.

Forestry law passed

There is good news for forest landowners who reforest their cutover land. On October 14, 1980 President Carter signed House Bill H. R. 4310, the "Boating Safety Bill". Attached to that bill was a "rider" which forestry tax experts are calling the most beneficial tax legislation for forestry since 1944, when capital gains treatment for timber sales was allowed.

The new bill allows a forest landowner: 1) a one-time 10 percent tax credit for reforestation costs, and 2) seven - year amortization of reforestation costs up to $10,000 per taxpayer per year.

If, for example, you spent $1,090 to reforest 100 acres (that's about $100 per acre), you could subtract $1,000 from your income taxes you owe, and deduct one seventh (about $1,428) of the total project cost, for each of seven years.

Also, the new tax treatment is retroactive for all reforestation expenditures made after December 31, 1979.
